C. Public Comment

Melissa Shaw who resides at 268 Seaboard Street next to Head Start addressed the Board and stated she had heard the town has some mobile speed bumps that are not being used and wanted to request that these speed bumps be installed on her street. She stated that on a daily basis she sees cars, trucks, school buses, eighteen wheelers speeding through the street. She has seen children dart across the street and is concerned there could be an accident. If the town considers putting them there, she would like to have her house included in the area between the two speed bumps. Mayor Callahan asked Chief Beck about the speed bumps and he agreed this would be a great idea. Mayor Callahan asked for a motion to install these speed bumps at the earliest time available. Motion to install speed bumps was made by Commissioner Callahan. All were in favor.

D. Buddy Bench Project

The Buddy Bench was delivered to Town Hall. Town Clerk asked the Board where they would like to have it installed. The Board discussed where to place the bench. Commissioner Kellis suggested placing it between the tennis court and the playground equipment. In light of the vandalism at the park, he stated the Board needs to take a look at installing surveillance cameras at the park that could possibly feed back to the system at Town Hall and put Wifi at the park. The police officers could pull up the feed on their computers. Mayor Callahan asked for a motion to table until the Board members had a chance to go to the park and take a look. Commissioner Kosem made a motion. All were in favor.
